

TESTIMONIALS

"We stay with All Critters because the care and attention that is given to Abby is fantastic. Most dogs don't like going to the vet but Abby drags us in the door because she can't wait to see the girls in the front."

-Heather and Ron Renko

"We have been taking our dogs to Dr. Daudjee at All Critters for over 7 years. We have nothing but praise for the treatment and care he has bestowed upon our pets. The medical treatment your pet will get is one of the best in the lower mainland."

-Joyce Hesper

"Dr. Daudjee and his staff have always shown great compassion and care throughout my pets lives. I appreciate all the glowing smiles and open love I get every time I visit the clinic. I highly recommend All Critters Animal Hospital; they always take such good care of all my little paws."

-Dora Burns

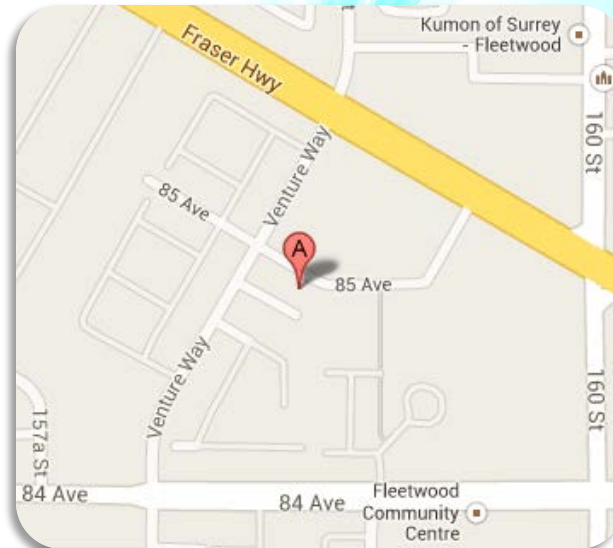

"Dr. Daudjee and the staff of All Critters have taken care of our dog Nikita for 13 years. My wife and I have been very impressed with the level of care provided. We feel they genuinely care about the health and well being of our aging dog. We are grateful for the years of care he and his staff have provided and will continue to recommend All Critters Animal Hospital to our friends and family."

-Brent and Jane Klemke

"What attracted me to ACAH was the friendliness of a staff member on duty when I first visited the office with some questions. What keeps me coming back is Dr. Daudjee's veterinary knowledge & the personal touch he gives all my pets. My dog has had 3 knee surgeries and she still loves going to the vet. How often does that happen! I've been made to feel part of the All Critters Animal Hospital family & I know my fur babies will always get the same love and care that they receive at home. I wouldn't take them anywhere else."
